**To Whom It May Concern,**

The Social and Cultural Association of Jews in Poland as an organization representing Polish Jews, asks you to remove the video posted on your site, which is clearly anti-Semitic:  
<https://youtu.be/rDNtUAWrB-E>

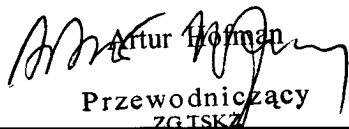

The video was created from the part of the TV program "Studio Polska" broadcasted on TVP on January 27, 2018. The cut fragment manipulates the real course of events and does not give a chance to understand the whole incident. The post of the author/user WAMPIREK, posted under the video – "Mr. Adam Sandauer decided to escape, when one of the program participants mentioned the Act 447" is false.

In fact, Mr. Adam Sandauer left the studio in protest against the application of collective responsibility criteria to all people of Jewish descent. The slandering of the good name of Mr. Sandauer is harming not only him, but also the entire community of Polish Jews. This is evidenced by the amount of anti-Semitic comments that appeared under the video, which has now been viewed nearly 150,000 times. Many of the nearly 900 comments bear the hallmarks of racial hatred – which is a prohibited act.

It is worth noting that the "Studio Polska" program from 27/01/2018 in the face of the scandal it caused, was deleted from the VOD TVP website. Lack of reaction from Your side to earlier interventions of Mr. Sandauer forced the TSKŻ as an organization dealing, among other things, with the monitoring of anti-Semitic events, to ask for the removal of the above-mentioned video. If the material is still not removed, and while staying on YouTube, will keep harming the good name of Polish Jews, we will be forced to take legal action, and to notify international Jewish organizations about the situation.

Should you need any further information, please do not hesitate to contact our organization.
